TRAFFIC / SAFETY NOTICE

STM Traffic / Safety Notice No. …1405

TITLE: Revised Operations Instructions.

DATE OF OPERATION: 15/7/2014

DETAILS OF NOTICE:

1. The Board has recently approved additional tramcars available to run to The Royal National Park. The full list follows.
(a) The following tramcars are available for normal traffic operations over all lines - 11, 29, 111, *154, 180, 249, 358, 548, 675, 1014, 1054, 1497, 1740, 1971, 1979, 2001, 5133. (*154 not for general use).
(b) The following tramcars are available for the Sutherland line. Board approval is required for The Royal National Park line - 295, 1111.
(c) The following tramcars require Board approval for all operations - 290, 393, 728, 805, 2656.
(d) The following tramcars require approval from the Operations Manager and the Maintenance Manager for all operations - 134s, 141s.
This full list is also attached to the door of the tramcar tool cupboard near No. 3 Road.
Special notes re footboard cars running to The Royal National Park. (i) Only ONE footboard car permitted per day. (ii) The footboard car must not do more than alternate trips. This may be varied on Special Days by prior approval from the Operations Manager.
2. Commencing immediately, tramcar lights must NOT be turned on during daylight hours. An exception can be made for dull days.
3. The speed of all trams traversing any part of the scissors crossover is to be kept to walking pace.
4. The last tram from The Royal National Park is to travel to the front gate to set down all passengers. If there are no passengers, then the tram may proceed direct to the running shed
