TRAFFIC / SAFETY NOTICE

STM Traffic / Safety Notice No. 2201

TITLE: SAFETY CONES in the 6 FOOT IN TRAMWAY AVENUE.

DATE OF OPERATION: 28/02/2022

DETAILS OF NOTICE:

Recently "P" car 1497 lost air when approaching Pitt Street crossing travelling North.

It was found that the air cock was loose and air had been released. The probable cause was the safety cones placed in the 6 foot hitting the tap and released the air.

So until the cones are removed (placed there for the safety of visitors), when the eastern track is replaced in concrete (due to start in early March 2022) tram crews are reminded to regularly check the air gauges and watch for safety cones which may be hit by passing trams.

Departments Effectted

Traffic: Yes/No **Workshop:** Yes/No **Infrastructure:** Yes/No

Person Issuing the Notice:

Name: *Ian Saxon*

Title: *Rail Safety Manager*
